Announcement for the change SU series optional tray

We hope this letter finds you well and we always appreciate your business with us. We would like to make a following announcement of change and ask for your understanding.

1. Description of the change

We will change appearance of tray for SU series. The reason is to increase strength to avoid compressing damage. The thickness of the tray becomes 2.5mm thicker by this changing. Other minor differences are showed as following Picture 1.1 to Picture 1.6.

2. Applicable part#

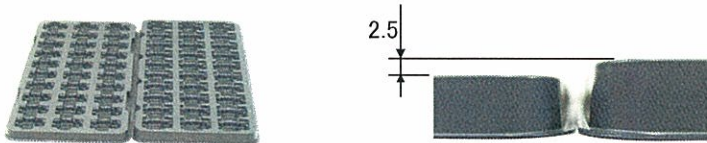

SUS□□□BP

SUW□□□BP

SUCS□□□BP

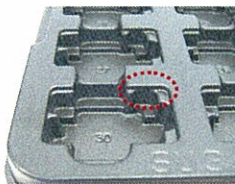

SUCW□□□BP

Blanket boxes mean wattage, input voltage and output voltage in order.

Picture 1.3 Previous (top view)

Picture 1.4 New designed (top view)

Picture 1.5 Previous (bottom view)

Picture 1.6 New designed (bottom view)

(3) Schedule

This change will be applied to the production from first of October, 2007.

*Actual applicable date will depend on the component inventory.

Thank you for your understanding.
Best Regards.
