Announcement of name plate revision for SU/SUC series

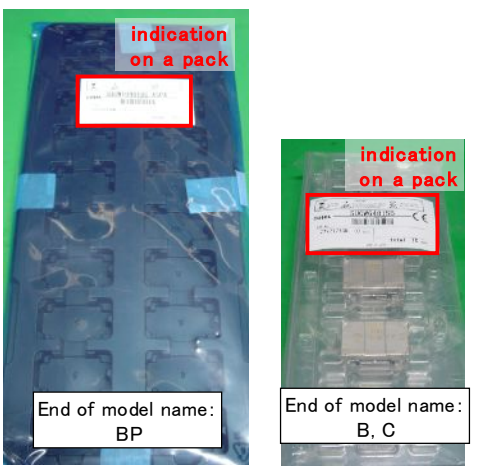

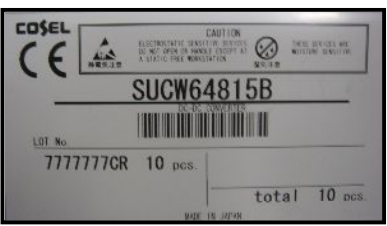

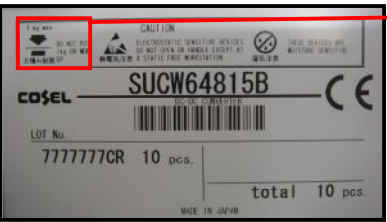

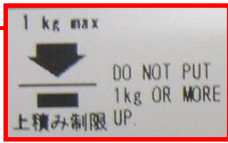

This is an announcement for customers who is purchasing SU/SUC series. Hopefully, this announcement helps for your understanding of this revision.

Contents

1. Description of the revision

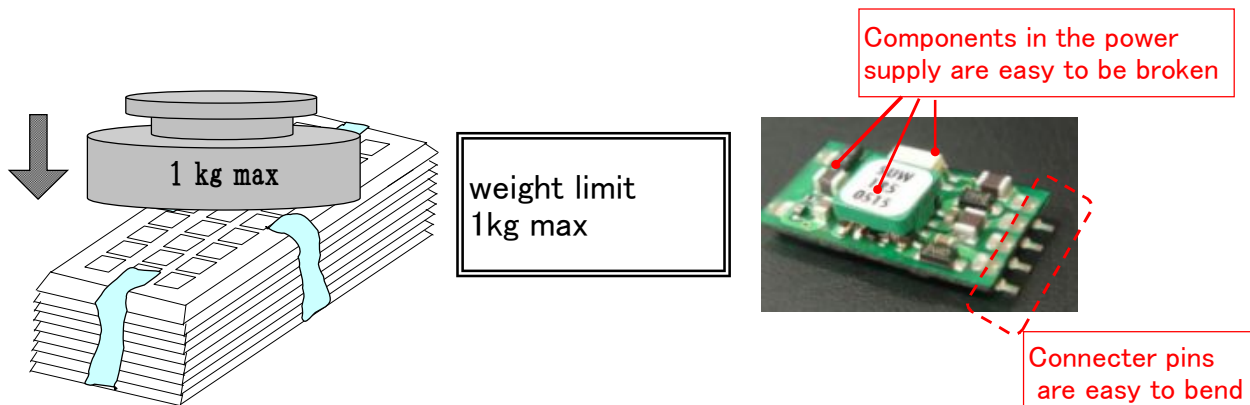

We will revise a name plate which is sticked on a shipping pack. The difference for additional mark of weight limit is shown in Table1.1.

Table1.1 Contents of the revision

Packing form	Revision of SU/SUC name plate on a shipping pack
	<p>【Before】</p>  <p>【After】</p>  <p>Additional mark</p>  <p>weight limit 1kg max</p>

【Reason】

Excessive stress which is over 1kg or more to the pack may cause damage components or bending connector pins in a power supply.

2. Applicable Models

SU/SUC series : All models including semi-standard and modified products

3. Applicable Lot number

This revision will be applied to the shipment from May 21, 2007 JST.
